

Western Civilization II

Course Text

Sherman, Dennis and Salisbury, Joyce. *The West in the World*, 5th edition, McGraw-Hill, 2014, ISBN: 9780073407036

The text is provided digitally as part of the course enrollment. Students may find used, new, or rental print copies by searching for the ISBN.

Course Description

This course provides students with a comprehensive overview of concepts, people, and events that shaped Western culture from the eighteenth to the twenty-first centuries. Topics include: the rise of Eastern and Western Europe; the Enlightenment-era philosophies; the impact of the French Revolution on political, social, and economic world order; and the effects of the industrial revolution on Western society. Unification-era politics; various methods of imperial indoctrination; and major political, economic, and social reforms are explored, along with the root causes and strategies that affected the outcomes of WWI and WWII. Social, economic, and political changes that occurred in the twentieth century are also examined.

Course Objectives

After completing this course, you will be able to:

- Identify the major concepts, persons, and events that contributed to nation-building and the war for order in the eighteenth century.
- Compare and contrast the rise of Eastern and Western Europe.
- Describe the change in European and world culture resulting from Enlightenment-era philosophies.
- Describe the impact of the French Revolution on the political, economic, and social world order.
- Describe the rise and fall of Napoleon Bonaparte and explain his legacy.
- Compare and contrast the benefits and burdens of industrialization.
- Examine the effects of the Industrial Revolution in England on Western society and describe the causes for its rapid growth.
- Identify and describe the people, ideas, and technologies that radically changed the traditional social, economic, and political environment of the early nineteenth century.
- Explain the change in Western culture resulting from unification era politics.

- Summarize the evolution of Imperialism and compare and contrast the various methods of imperial indoctrination.
- Compare and contrast the major political, economic, and social reforms that ignited a mass emigration of European peoples to the U.S. during the late nineteenth and early twentieth century.
- Define evolution and explain the conflict between evolutionary theory and religious theology.
- Identify the root causes and explain how World War I changed the world order.
- Describe the struggles of the Western world during postwar recovery.
- Compare and contrast the various technologies, battles, and strategies that affected the outcome of WWII.
- Examine the social, economic, and political changes that have occurred in the twentieth century, and describe the role of the United States, China, and the Soviet Union as world superpowers.

Course Prerequisites

While there are no prerequisites to take Western Civilization II, it is recommended that students complete Western Civilization I before enrolling in Western Civilization II.

Important Terms

In this course, different terms are used to designate tasks:

- **Proctoring:** all final exams require proctoring which can be completed conveniently from your home. A webcam is required.
- **Tutoring:** memberships include online tutoring for students to access with any content/subject related questions in the place of faculty. If your tutor is not able to answer your questions please contact a student advisor.
- **Practice Exercise:** A non-graded assignment to assist you in practicing the skills discussed in a topic.
- **Homework:** Ungraded online practice quizzes
- **Exam:** A graded online test.

Academic Integrity Statement

Academic integrity is the pursuit of scholarly activity in an honest, truthful and responsible manner. Violations of academic integrity include, but are not limited to, plagiarism, cheating, fabrication and academic misconduct. Failure to comply with the Academic Integrity Policy can result in a failure and/or zero on the attempted assignment/examination, a removal from the course, disqualification to enroll in future courses, and/or revocation of an academic transcript.

Course Completion Policy

In order for a course to be considered complete, all required coursework must be attempted, submitted, and graded. Required coursework consists of graded assignments. Any Academic Integrity Policy violations may prevent a course from being considered complete.

Course Evaluation Criteria

Your score provides a percentage score and letter grade for each course. A passing percentage is **70%** or higher.

There are a total of 1000 points in the course:

Topic	Assessment	Points
5	Graded Exam 1	125
8	Graded Exam 2	125
8	Midterm Exam	200
11	Graded Exam 3	125
14	Graded Exam 4	125
15	Final Graded Exam	300
Total		1000
